

DCDW 2008 Annual Scholarships

For five years, as an annual Community Service project, DCDW has awarded two \$1,000 scholarships to an outstanding senior from both Douglas and Whittell High Schools.

Major funding is raised by two 50/50 raffles, with the winner of the drawing receiving half the total proceeds and the other half funding the program and other causes. We are pleased to announce the Scholarships for 2008. The winners are:

- Brittney Makara from George Whittell High School has chosen San Francisco State University to broaden her education toward a career involving helping others.
- Jacqueline Sunderland from Douglas High School will attend University of Nevada, Reno with a career goal as a nutritionist or dietitian.
